

Decide Exactly What You Want. Your 'Wants' are too small. Want BIGGER.

“The greatest danger for most of us is not that our aim is too high and we miss it, but that it is too low and we reach it.”

— Michelangelo

The indispensable fact of being able to get from ‘where you are’ to ‘where you want to be’ is that you need to know two things:

- Where you are now. And
- Where you want to be.

How to begin figuring out ‘What you want.’

- Remember and feel your passion.
- Reread and connect with your ‘purpose.’
- Think of and visualize your ideal life.
- Make a list of at least 30 items each for the following:
 - Things you want to do.
 - Things/possessions you want to have.
 - Experiences you want to enjoy.
 - Contributions you want to make.

No limits. Write exactly what YOU want. Not what you ‘think’ you can get or what others have said you should want. This is YOUR life we are building here. These are YOUR wants. (We will figure out how to get these things, and to add other people in later.)
